PROCEDURES

SPAY Your Princess will have an ovariohysterectomy. The closure will be with dissolvable sutures. She will receive a purple line tattoo, for spay detection, as well as a shot of Convenia to help prevent infection.

This is recommended for indoor only kitties. **\$45**

Pairs well with Rabies, FVRCP, FeLV, Microchip & Nail Trim.

NEUTER Your Little Lord will have an orchidectomy. The closure will be with dissolvable glue. He will receive purple line tattoo, for neuter detection, as well as a shot of Convenia to help prevent infection.

This is recommended for indoor only kitties. **\$35**

Pairs will with Rabies, FVRCP, FeLV, Microchip & Nail Trim.

KITTENS!!! These little ones will receive the same procedure as the Spay or Neuter. They must be over 2lbs and under 12 weeks.

This is recommended for indoor only kitties. **\$35**

Pairs well with FVRCP, Microchip & Nail Trim.

FERAL Adventurers will receive the same procedure as the Spay or Neuter as well as a left Ear Tip, for easy visual spay/neuter identification.

This is recommended for any kitties that will spend time outdoors. **\$35**

Pairs well with Rabies, FVRCP & FeLV
